Discover this extraordinary opportunity to acquire a vast seafront plot in the peaceful and fast-developing area of Kizimkazi.

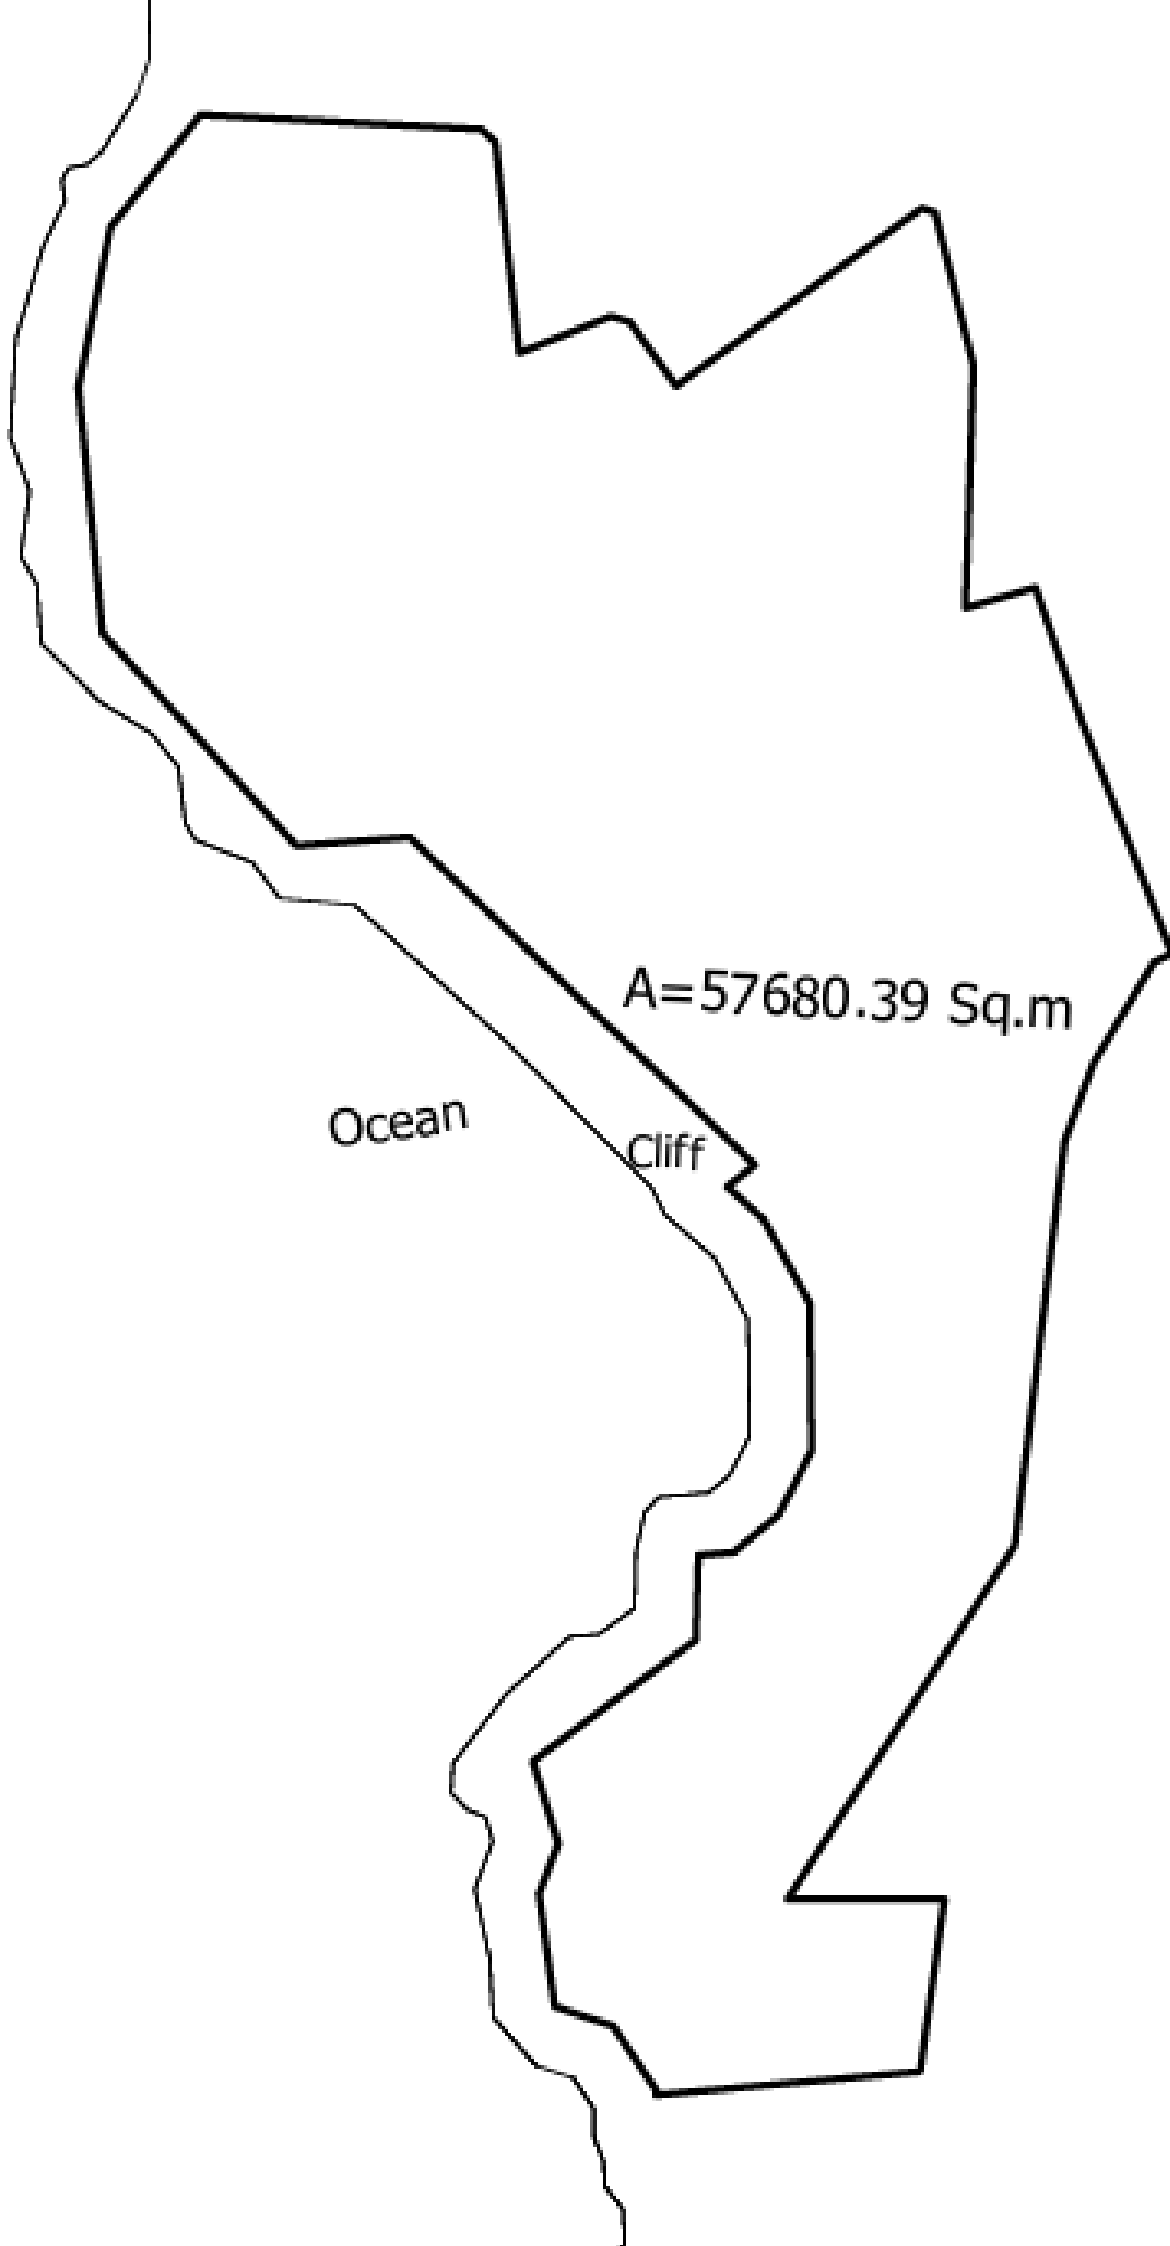

Covering over 57,000 square metres, the property boasts an impressive 650 metres of sea frontage. At high tide, enjoy your own private sandy beach, while low tide reveals a collection of smaller beaches dotted with coral features—creating a truly magical coastal experience.

The land is gently elevated on a scenic cliff tip, offering panoramic ocean views and a refreshing breeze, surrounded by palm and casuarina trees. This unique topography and natural beauty make it ideal for the development of a high-end resort or an exclusive residential community.

The setting is serene and secluded, perfect for creating a private retreat while still being part of an emerging premium destination.

There is potential to expand by acquiring adjacent plots, with several local owners open to selling. The property benefits from two access roads, and while utilities are not yet in place, plans for electricity and road infrastructure are already scheduled for the coming months.
